# CENTRAL OREGON MARKET OVERVIEW

Welcome to Central Oregon where the commute times are short and breathtaking views await you at every turn. The region features dramatic snow-capped mountain ranges and high desert plateaus within Deschutes, Crook and Jefferson counties.

Located halfway between San Francisco and Seattle, the hottest small metropolitan market in the U.S. is Central Oregon. In the last decade the region has seen some of the highest sustained GDP growth, job growth and population growth. With these factors in mind, The Milken Institute has named the region the best small metropolitan in the nation three years in a row – an accolade no other location has ever received.

Central Oregon is pulling extraordinary talent and capital, fostering a diverse and highly entrepreneurial business ecosystem. Lured by natural scenic beauty and big city amenities (world-class health care, education, dining) without big city costs or hassle, people are learning that having a true work-life balance is possible. Employees are happier; companies are more innovative and capital-efficient. All in a region dominated by small to mid-sized firms that compete globally – and win.

## WHY CENTRAL OREGON?

Central Oregon has been among the fastest growing regions anywhere in the U.S.

In-migration has been the dominating factor in the region's growth with thousands of new residents moving to the area from all over the country every year. At the same time, the region's ability to attract young families has resulted in strong birth rates.

When compared against its neighbors to the north and south, Oregon's overall business costs rank significantly lower. Average electricity rates, natural gas rates, state and local sales tax rates, and business tax climates in particular are significantly lower than the national average.

For a relocating business, Central Oregon has a reputation for welcoming new companies without sacrificing work-force, talent, quality healthcare, transportation, or infrastructure.

**GROWTH**

The combination of a collaborative culture, a supportive attitude among government and economic development agencies, plus a location that attracts talent and investment all help Central Oregon compete nationally.

***"BEND ENJOYS A TRULY COLLABORATIVE ENVIRONMENT.  
Everyone is not only supportive of each other, but excited to see one another grow. We share the same trails, rivers and slopes and ultimately share a similar vision to help Bend succeed."***

*—Scott Allan, GM, Hydro Flask*

# TRANSPORTATION

Redmond Municipal Airport (RDM) provides commercial air service with an average of 27 daily outbound flights to Denver, Los Angeles, Mesa, Phoenix, Portland, Salt Lake City, San Diego, San Francisco, San Jose and Seattle via seven carriers (Alaska, Allegiant, American, Avelo, Boutique, Delta, and United.)

Burlington Northern-Santa Fe (BNSF), Union Pacific (UPRR), and the City of Prineville Railway (COPR) provide direct connections for shipping to any market in the United States, Canada, and Mexico.

U.S. Highways 97 and 20 are two of the state's major trucking routes, with access to major metro areas with connections to Interstate 5 (N-S) and Interstate 84 (E-W).

**AVERAGE COMMUTE TIMES** The Central Oregon average commute time is 24 minutes each way, saving the average worker over one work week per year! ([Census.gov](https://www.census.gov) 2019)

# SERVICES AND INFRASTRUCTURE

## Utilities

Because most of our region has been built new in the past two decades, our telecommunications infrastructure is one of the Northwest's most technologically advanced, meeting business and telecommuting requirements for capacity, redundancy, and reliability.

## Education

Central Oregon is well-recognized for its high-level of education, with some of the best K-12 public schools in the nation. In 2020, the Bend-La Pine school district's average SAT scores surpassed the national average by over 130 points. Additionally, our higher education opportunities abound. From Oregon State University-Cascades ongoing expansion, to Central Oregon Community College's four campuses in the region, there are opportunities for all to obtain a quality education.

## Healthcare

Top quality healthcare is one of the crown jewels of Central Oregon. St. Charles Health System is the largest healthcare provider in the region, and is also the largest employer with over 4,600 employees across the tri-county area. A network of more than 100 clinics and specialty practices further support the community.

## LIFESTYLE

Central Oregon is blessed with a rare mix of city amenities and restful isolation. It offers the slower speed of a small town with a medical community and infrastructure not normally seen in a region of its size. Additionally, Central Oregon residents maintain a work/life balance that is difficult to achieve elsewhere.
